Notes from Scooter:

1. There is another excellent tune-up race at the Lake Yosemite Sailing Club in May (TBD):
<http://www.lakeyosemitesailing.org/>
2. If you bring a boat to that race and you want to leave it in Fresno until the Nationals, storage is no problem.
3. We will help people get their boats up the hill if you can get it as far as Fresno.
4. The trophy on the left is like the ones you will be competing for in this year's National Championship!
